We had a very challenging day of racing on Sunday. Both for the sailors and for the race committee. We had winds that were predominantly in the 0 to 3 range. That is knots. Very light, a bit lumpy, and some rain, some sun and everything in between....except much wind.

Richard, Mac and the rest of the race committee did a great job trying to figure out what the wind was going to do next, if anything. We had 180 deg. wind shifts, no wind, a few gusts to around 10, but mainly just light.

We had 15 boats out, which was a really good turn out. All the Lasers and Hobie 1's were out, along with 3 Toppers. We have a new junior fleet this year, so those kids that know their right of way rules should come on down and sail with us on the Toppers.

Because of the light winds, we only got 5 races in. But there were pretty intense racing with lot's of close finishes and crowded starts. Was great, even though many times you weren't sure where the wind was coming from of if you were moving thru the water or not!

Somehow I managed to drift around the course just barely faster than our new Junior Instructor for a first and second, respectively for the day. Julia was always right there and ended up third. Eli toughed it out on a very comfortable Hobie 1 and was 4th in A Fleet.

In B fleet, Danielle continued with her winning ways and was first (5th overall), followed Rhonda all the way from Kona and Wally. Tiffany had a leaking boat and had to retire early.

Mickie sailed with the juniors on a Topper, she and Mica Reep raced the first three races. Travis Wood stuck it out and raced all of the races to win the Junior division with all four firsts and a third.

Ben did a fabulous job of resetting the marks....a lot ....

Gary Morgan
