

## October 28, 2018 – 2019 Dinghy Series Final Race

Below are the results from Sundays racing. Or should I say drift fest. It was very light and fluky, the standings were all over the place. You could do poorly in one race and then really well in the next! Thank you to the race committee of Mac, Alex and Tiffany for getting 6 races off in those challenging conditions.

## 2019 Dinghy Series Final Standings Race

Now for the overall standings. Below are the results for the whole series. As per the Race Instructions, you had to race or be on the Race Committee for at least 3 races. If you were on the race committee, I took the average of your daily finishes for your score for that day that you were on RC. Your best 3 races were added together and that was your score for the series. The winner of B fleet moves up to A fleet next year. Welcome Rhonda, who comes all the way from the far side of the island to join us. The winner of the Topper Fleet is Travis Wood, with all firsts for the series. Great job Travis!

Trophies this year are grey shirts embroidered like our hats were. All trophies will be presented at the xmas/Annual meeting in December.

Thanks again for all that competed. I think we had record numbers out this year. Look forward to next years racing!
